

Tips for Completing Fillable Forms:

- Click on attached fillable form, choose the three vertical dots in the upper right hand corner, select "Open in New Window."
- Form opens best if opened in Adobe, and then the "Fill & Sign" Option is chosen.
- Don't open as a Google Doc. Several fields will not display correctly.
- If the signature field doesn't open, download and save the form and then open from its saved location.
- We can accept screenshots or photos of the form; email these to colleen@fairbanksmontessori.org.
- A digital id is not required to sign, it is fine to draw your signature in the signature box.
